

The TempArmour® Cooler Advantage

- Superior temperature stability and uniformity
- Temperature stays within -50°C to -15°C (-58°F to +5°F) range for 56 + hours
- A Qualified Container and Packout as defined in CDC's Vaccine Storage and Handling Toolkit
- No electricity or ice packs required
- Incorporates vacuum insulated panel (VIP) technology to ensure stable temperatures
- Refrigerated temperature panels also available
- Pharmaceutical grade

SPECIFICATIONS

Capacity

11 L - Holds approximately 500 x 0.5 ml vials or 120 single dose syringes (based on typical manufacturer box sizes)

PHYSICAL SPECS:

External Cooler Dimensions (W x L x H)

17.25 x 12 x 12 in

Internal Dimensions (W x L x H)

12.75 x 7.25 x 7.25 in

Weight

20 lbs

Construction

Durable and functional nylon outer bag with handles on each side, a removable shoulder strap, and buckle closure

Cooling Technology

Temperature rated PCM (Phase Change Material)

TEMPERATURE MONITORING:

Thermometer

Infrared laser (IR) thermometer (to measure temperature of panels prior to packing carrier)

POWER SPECIFICATIONS:

Energy Source (AC)

No power source required

OTHER:

Warranty

1 Year Manufacturer warranty
